CEP: The ESRC Research Centre for Economic Performance – London, UK

Feb. 2009-Aug. 2010

Research Assistant

- Used firm-level and inventor-level data (Amadeus, and PATSTAT) to analyze the economic aspects of entry of foreign firms into Central and Eastern Europe (CEE).
- Supported analytical activities, performed country specific research (data collection and mining of the winners and losers of privatization in post-communist Poland), and was in charge of contacts with the Polish government, firms and public institutions.
- Assisted in building a panel of patent inventors working for FDI firms and track them over time (to understand the mechanism driving the examined knowledge flows)

Saatchi & Saatchi – Warsaw, Poland

Summer 2007

Intern

- Introduced a cost-effective reward mechanism for the First Lady Jolanta Kwasniewski and Procter&Gamble Children Charity Foundation “Podaruj Dzieciom Słońce”
- Applied simple econometric analyses to calculate profitability of various marketing techniques
- Attended meetings with partners, took minutes and updated the team with prioritised tasks and assigned responsibility
